

U. S. SENDS THE KAISER A PROTEST

(Continued From Page One.)

In his study writing on his typewriter, he saw no call for the protest, but shortly after noon kept two engagements made previously.

Telegrams from all sections of the country, from legislatures, governors, organizations and newspapers, continued to pour in. Practically all expressed the sentiment that the country would stand behind the president in any course of action he determined upon.

To Ask Other Neutrals.

One subsequent step being discussed today was that of conversations with other neutral governments to determine what steps they intend to take to protect their neutral rights. While the United States had traditionally been opposed to joint action, it often has acted identically with other governments.

Need Not Mean War.

But Wilson, however, is not of that opinion. He has adopted a policy of non-hostilities. Even a severance of diplomatic relations does not mean such an obligation. The warship convoys with America has been talked as well as other problems.

Effective measures, but the American government, according to well informed persons, proposes to fix the responsibility on Germany for any hostile action.

May Sineen Dr. Dornburg, one phase of the present crisis which the president is turning over in his mind is the necessity for stopping propaganda calculated to influence Americans of foreign birth. The president is known to feel that the utterances of Dr. Bernhard Dornburg, former German colonial secretary, who has no diplomatic status, are of a nature seriously affecting the domestic welfare of the United States in the present delicate situation.

From well informed sources, it is learned that a cessation of Dr. Dornburg's activities may be soon demanded.

VICE PRESIDENT IS OPPOSED TO WARFARE

Hattiesburg, Miss., May 12.—Vice President Marshall is opposed to the United States becoming involved in the European war, he declared Tuesday night in an address here. He admitted that events of the past few weeks have been such as would 100 years ago have justified this country in going to war.

"Our standards of right and wrong have changed since that time," he said. "Let us bear with our brothers across the sea in the hope that this country may lead the world to disarmament and to the establishment of an international court with power to settle differences between nations."

2350 WILL RISK LIVES IN SUBMARINE FLEET

New York, May 12.—No general cancellation of the sailing of steamers or of passengers engaged from New York to European ports has followed the sinking of the Lusitania, according to agents of steaming lines here. They say, however, that there has been an increase in the popularity of vessels flying neutral flags.

It was estimated that 2350 passengers are on board the various ships from American ports bound for destinations that will take them within range of German submarine activity.

VILLAS' ARMY IS NEAR IRAPUATO

Carranza and Villa Stories of Field Activities Differ as Usual

Gen. Francisco Villa's troops have reached the suburbs of Irapuato and the best big engagement with Gen. Alvaro Obregon's army will probably take place at that point, 35 miles north of Celaya, according to unofficial advices received in Juarez. Villa's army is a railroad center and of great strategic importance, as it commands the railway leading to Guadalupe. It was at this city that Villa's retreating army halted in its flight a month ago from the battle of Celaya, where the Carrancistas administered them a severe thrashing. Villa himself, it was reported, is at Silao, directing the movements of his army.

At least half of Obregon's 22,000 soldiers are at Irapuato, it is believed, although Carranza sources are certain he is in absolute ignorance of the exact whereabouts of the Obregon division. Irapuato was fortified several weeks ago when Obregon came north as far as Silao in pursuit of Villa and this fact gives foundation to the belief that the Carrancistas will make a stand here.

Think Obregon Lacking a Trick

However, Carranza officials in El Paso intimated today that, if Obregon has actually fallen back 30 to 40 miles, he is not a general, but a strategist.

Part of the artillery brigade under Gen. Angeles arrived within striking distance of Irapuato Tuesday afternoon, according to reports in Juarez. This morning Americans arriving from the south yesterday told of having seen Ernesto Rios, former Villa aide, in a major's uniform at Aguascalientes.

He was arrested in Juarez two weeks ago and sent to the Chihuahua penitentiary. His friends believe he was being held to make him an army officer and send him into battle.

Carrancistas Deny

Villa's military position in Juarez was defeated and forced to retreat Sunday in the neighborhood of Leon. The Carrancistas, however, say they forced Obregon to order a retreat of his right and center. The Carranza publicity bureau in El Paso yesterday issued a statement that Carranza's army had beaten Obregon's troops. The statement was to the effect that Obregon had lost not only a strategic advantage in any recent fighting with Villa, but no inkling of Obregon's position was given. It was also denied that Carranza's army had taken Juarez.

Juarez can hold out three days against attack from any quarter or in any strength, according to Carranza's official statement. Carranza's army, he said, could take Juarez in less than three days, by which time Villa could send ample reinforcements to the relief of the city in the event it is attacked.

AMERICAN IS TORTURED AND THEN SHOT, IS REPORT

Douglas, Ariz., May 12.—Clarence Fischer, a former member of a ranch near Saco, Sonora, was tortured and then shot by Maytorens troops according to a report which is being investigated by American consul Frederick Simpich at Nogales, Sonora.

Fischer was first arrested two months ago, but was released. Consequently one of the soldiers was killed and Fischer was accused of murder. Ten days ago, it is alleged Fischer was taken to a tree, hanged up and down until he pleaded to be shot. Then, it is said, he was killed with a bullet.

CHRISTOFFERSON MAKES TRIAL FLIGHT FOR CALLES

Douglas, Ariz., May 12.—Silas Christofferson, the noted Pacific coast aviator, made a trial flight here with a military biplane which Gen. P. Calles, commanding the Carranza forces at Agua Prieta, has purchased for scouting purposes.

Christofferson flew almost to Cananea. The biplane is equipped for dropping bombs. The aviator was accompanied by Maj. Luis M. Block, Calles' chief of staff.

OBREGON AGAIN BEATEN NEAR ROMITA, IS REPORT

Washington, D. C., May 12.—Repeated claims of victory of Villa's army over Obregon's army, which Carranza's Villa agency today, which declare that in battles Tuesday between Leon and Romita, Obregon "retreated demoralized."

Disparities to the Carranza agency from Veracruz say:

"Obregon's army has never suffered minimum defeat from Villa."

Mobs Numbering Thousands Fill the Streets and Kill and Maim.

Geneva, Switzerland, May 12.—The Journal de Geneve has received a dispatch from Saloniki saying that many persons have been killed or injured in the course of riots in Constantinople, Turkey. Mobs numbering thousands, the newspaper says, pillaged the principal shops and looted the Sultan's palace, which was called out.

PANIC SEIZES ITALIANS HASTENING FROM AUSTRIA

London, Eng., May 12.—The Evening News has received a dispatch from its correspondent in Switzerland not far from the Italian frontier, who says that scenes of indescribable panic are occurring on the border. Several thousand Italians are waiting for trains to take them back to Italy.

Italian soldiers, the correspondent continues, are bringing from Zara, in Dalmatia, hundreds of Austro-Italians who are fearful of reprisals at the hands of the Austrians.

PRISONER KILLED IN BATTLE WITH POLICE

Austin, Tex., May 12.—C. B. Burcham, alias E. C. Mayer, while attempting to escape after having been arrested on a charge of forgery, was instantly killed at a late hour last night and motorcycle policeman Tom Rosenberg was wounded in the left hip in a desperate pistol duel between Mayer and the officer.

Under the name of Mayer, the alleged forger had opened an account at the Austin National bank, when he deposited a check for \$2500 on the Security Trust Co. Mayer later was withdrawn his deposit and this check was found to be a forgery.

"THE CUP OF LIFE"

"The Cup of Life," the most vital, human-compelling drama ever offered to the public, is the special attraction at the Grecian tomorrow and Friday. "The Cup of Life" is a Mutual masterpiece in five parts produced by Theat. Inc. The record of the screen, featuring Beanie Barrisale, who played the part of the wife in "The Devil," is supported by the most powerful dramatic cast that has ever appeared together. It is a story woven around the lives of two sisters: one is proud and beautiful, the other simpler and plainer; one chooses the primrose path, the other the humble marriage. Both lives are carefully and beautifully portrayed, and all are at once who sip the bitter dregs of degradation, proving that the "easiest way" is not the road to happiness. It is a picture that will make you think; a picture you will never forget. It is the greatest feature of the season. Admission will be 25c and 15c.—Advertisement.

J.; the famous Irish leader, John R. Redmond, reviewing twenty thousand Irish volunteers in Dublin, Ireland, and other good pictures.

The Bijou has a picture, "The Last Dance," featuring Comstock, the great Spanish dancer.—Advertisement.

AD CLUB TO PICK A DIRECTORATE

Special Meeting Next Week Will Probably End in Election of Officers

Adclub members will hold a special meeting next Wednesday at their regular weekly luncheon to consider certain amendments to the constitution of the club in which it is proposed to elect a president, treasurer and board of directors. Should this amendment carry at next week's special meeting, election of officers for the ensuing year will take place. The proposition to submit the amendment came up today at the weekly Adclub luncheon in Hotel Sheldon in the form of a report prepared by A. E. Rowlands and Henry P. Duck. The reason for suggesting amendments to the local body's constitution was to make it more fully comply with the requirements of the constitution of the Associated Advertising Clubs of America.

"Father of Job" Here.

O. S. Bruck of Dallas, the "father" of the El Paso club, was an honor guest at the El Paso club's dinner. Mr. Bruck told the members how delighted he is to have had a hand in the organization, the El Paso body, which has grown in one year to be the largest organization of its kind in the state of Texas. "You people out here," he said, "are not in the rat. You live in the kind of country and have the kind of climate that makes a man want to get out and do things. This country gets into a man's blood and makes him want to stir things up. I notice that you have the minds of people in this section centered on advertising. They are reading your ads and are talking about them. They are thinking advertising. That is one-third of your mission accomplished. The work of your local associations here is something fine. It far outdoes anything else of its kind in the state."

A motion to thank directors of the chamber of commerce for the recent donation from the budget fund of \$500 to be used in publicity work for El Paso when the local Ad delegation attends the Chicago convention of the national body next month, was submitted to the directors and passed after a wordy discussion. Teams were appointed by president Sherman to solicit subscriptions from among members of the club only to send the El Paso delegates to the Chicago Adclub convention.

Plans Clearance Sale on at "Bill's."

PEOPLE OF VINTON AND "ISLAND" WANT SCHOOLS

Petitions have just been filed with county Judge Adrian Pool asking for elections to vote bonds to build school houses in the Vinton district and in the "island" district in the San Elizario grant.

The property owners of the Vinton district are asking for a bond issue of \$5000, while the "island" property owners are asking for a bond issue of \$1000. Judge Pool stated Wednesday that he would order the elections at once.

Buying home valley products is more than buying; it is investing.

COURTHOUSES TO BE LOOKED OVER

El Paso Commissioners Vote \$1000 to Pay for Trip of Inspection

Preparatory to the trip of inspection to be made by members of the county commissioners' court to gather ideas to be incorporated in the new El Paso county courthouse, a special meeting of the court was held Wednesday afternoon at 1 o'clock, when an appropriation of \$1000 was made to defray the expenses of the trip.

The inspection party, which will consist of commissioners Seth B. Orndorff and J. M. Walling, John M. Wyatt of the courthouse building committee, and Henry Trout of Trout & Trout, architects, will leave within the next day or two, probably going as far east as Atlanta, Ga. Houston will probably be visited en route.

Retire Bonds.

While in session the court authorized the retirement of two courthouse addition bonds of \$1000 denomination each, and one courthouse and jail refunding bond of \$1000.

Urged to Insist Upon Appropriation.

A letter from senator Claude R. Hedges and representatives R. F. Burges and A. S. J. Rylar advising against asking the legislature to defray the maintenance expenses of the eighth court of appeals was read. A telegram was addressed to them asking them not to insist upon the appropriation "until further notice," as the court is reconsidering the matter.

Bond Committee Named.

A committee consisting of T. D. Lov and V. Hogan, of Sierra Blanca, J. Molawerth, of San Antonio, and A. J. Humphreys and R. E. Ellison of El Paso was appointed to make recommendations as to the strengthening the road from Sierra Blanca to the state boundary near Orange, N. M.

Truck Tires Free

Unless the 1915 Goodyear S-V Outwears Any Other

Here is an offer which Truck users cannot afford to neglect. It will settle for you, without any risk, the entire Truck Tire question.

For three months—April, May and June—this amazing warrant goes with every S-V Truck Tire put on under these conditions:

Every Penny Back

Equip opposite wheels, at the same time, one with a Goodyear S-V, one with any other standard make tire of like rated size, bought in the open market.

If the Goodyear S-V fails to cost less per mile than the other, we will return you its full purchase price, making the S-V free.

Mark that—no partial rebate, no mileage adjustment, no replacement. The tire that fails is free. Get this guarantee in writing when you buy the tires.

Never Such a Warrant

Never before has such a warrant been given on any class of tire. If widely accepted, it means with us a million-dollar stake. It is given without reservation against any tire in the field. It covers accidents as well as wear.

Numerous makers claim to build tires as good as the Goodyear S-V. Let us stop arguing in print and in person. Let us compare them on opposite wheels. We have done that already, under every condition. Over 5,000 S-V tires were tested out on trucks before we made this offer. We know to a certainty the results you'll get, barring accidents.

We have worked for eight years on this Truck Tire problem. We built 29 types before arriving at this one. We built 74 models of this S-V type before we attained this perfection.

We give you in it, as compared with others, 20 per cent more available tread rubber. The shape end bulging, breaking or excessive grid. The compound minimizes friction. The tire can't creep, as we press it on at a minimum of 50,000 pounds. It can't separate, for the tread, the backing and the rim are welded into lasting union.

Go to a Goodyear Distributor or ask our local branch where you can get this warrant on the latest S-V tire. Accept it while the offer lasts.
